## About This Game

RCRacer VR is an action packed radio controlled toy car simulator.  
Be in the middle of the action as you control your car to victory.

Jump over obstacles, push your opponents of the track and do what you must to finish first!

Pick up the remote and drive your car around the track, once you feel comfortable stop at the start/finish line to start a race against 4 other AI controlled opponents and finish first in a 3 laps sprint race! 7ad7b8b382
